Dispatch Democrat

VOLUME XXXIV. UKIAH CITY, MENDOCINO COUNTY, CAL., FRIDAY MORNING, MAY 29, 1903. NUMBER 36

GENERAL NEWS OF THE WEEK

Gathered From Here There and Everywhere.

Summary of What has Just Occurred. Accidents And Incidents

Yesterday morning Mr. Henry Marks, of this city, received a telegram from Con Golberg, of Covelo, informing him that the Masonic building, drug store and Orsborn saloon had burned to the ground. The dispatch did not state just when or how the fire broke out, but it must have been Wednesday or Wednesday night. The burned buildings were all new and had been occupied but a short time. The lower floor of the Masonic building was occupied by the Covelo Mercantile Company with a $10,000 stock of new goods. The building cost the Masonic Fraternity about $4,000. The stockholders in the Mercantile company are H. Marks, of Ukiah, and H. F. Liston, Jake Wattenberger, Victor Mayer and the estate of the late Supervisor T. E. Long. The capital stock is $16,000, of which Henry Marks holds $4,000. The stock of goods was insured for about $7,000. Dr. Doyle's drug store building was the property of Frank Thompson, and cost $1,500. The burned saloon building was also owned by Mr. Thompson and cost $600. The loss on buildings aggregates over $6,000, partly covered by insurance. The loss on contents of buildings has not been ascertained but was necessarily large. Other nearby buildings were saved with difficulty and by heroic efforts. The fire is a great loss to Covelo and the community and especially to the Masonic lodge.

Arm Crushed in Mangle.

A most painful and serious accident happened at the Ukiah steam laundry last Monday by which a young woman named Bridget La Cruitz sustained an injury which may result in the loss of an arm, tho Dr. Moore who has charge of the case, hopes to save it. The young woman was sitting on or near a machine called a "mangle," thru which clothes are passed between corrugated rollers. She was on the reverse side of the rollers, but she reached over to pick off a thread of ravelling, when her hand and arm were caught and drawn between the rollers. The flesh was cruelly crushed, but so far as can be discovered no bones were broken. It seems that the forearm was drawn in longitudinally with the rollers, for if it had gone in at right angles, the bones would certainly have been crushed. As it was the flesh seems to have protected the bone. It is thot that if inflammation and blood poisoning can be prevented the arm can be saved.

Joseph Willard Killed.

Last Friday the lifeless body of Joseph Willard, one of the well-known Willard family was found in the vicinity of Hopland. He died from a gun shot wound. supposed to be the result of accident. He had gone hunting, and in crossing a fence it is thought that he pulled the gun after him in such a way that it came in contact with the fence and was discharged. The gun was found at the fence and Willard had walked or crawled about 75 yards away from the fence. His course could be easily traced by the blood on the ground.

Mr. Moody, near whose place the accident occured, heard the shot, but thot nothing of it. In the morning he heard a dog down in the field, barking at some loose horses. It was Willard's dog, and he had stayed with his master all night, and was keeping the horses away from the body. In this way the body was discovered and it was yet warm, showing that the unfortunate man had lived the greater part of the night.

High School Commencement.

The commencement exercises of the Ukiah high school were held at Marks' opera house last night. As usual the hall was packed with interested listeners and the program was much enjoyed. The graduating class of 1903 consists of Russell Cummins, Lorena C. Dightman, Henry Goodrich, Marie Ann Held, Frank R. Hatch, Elizabeth Berdina Hawn, Pearl Virginia Henry, Harry L. Horton, Leora McCharles, Irma McCharles, Fred D. Patton, Goldye Ailene Parker, Maybelle A. Stitt, Frank Holman Thomas, Maude Elizabeth Turner, Guy V. Weller, Jesse E. Williams.

The hall was tastily but profusely decorated for the occasion, the class motto, "Perge Modo," "Ever Onward" being conspicuously in evidence. The program of exercises was as follows:

President's address, Guy V. Weller; essay, Lorena C. Dightman; oration, Harry L. Horton; song, quartette; class history, Elizabeth B. Hawn; poem, Leora McCharles; instrumental solo, Maybelle A. Stitt; class prophecy, Maude E. Turner; oration, Fred D. Patton; song, quartette; class will, Frank H. Thomas; valedictory, Goldye A. Parker; address, Prof. P. B. Westerman; presentation of diplomas; class song, class.

Died on the Road.

James Turner, of San Francisco, came up a few days ago to spend a short time here and at Vichy Springs. While at the springs he was taken ill and on Wednesday afternoon it was thot best to bring him in to the Ukiah Hospital and Sanitarium. When about at the Russian River crossing he died suddenly. His body was brot to J. W. Eversole's undertaking parlors, where Dr. Moore opened the skull and found a very large blood clot resting on the brain, and decided that death ensued from cerebral hemorrhage. The deceased was an Odd Fellow and his lodge in San Francisco was notified, upon which Undertaker Eversole was instructed to prepare the body and ship it to San Francisco. The deceased was a large man, in full flesh, and showed no signs of continued ill health.

The Visit of the Germans.

The long expected visit of the large company of German agriculturists to California took place within the past few days. On Tuesday the party came up on the Cal. N. W. as far as Cloverdale and returning, stopped at Asti, where they were entertained by Mr. Sharboro, Superintendent of the Swiss-Italian. At Santa Rosa they paid a visit to Luther Burbank, the wizard of the world in horticulture and floriculture. The trip was much enjoyed by the visitors. For some reason, unexplained, the party did not come on to Ukiah as was at first announced.

Death of Mrs. Rena White.

At 2:20 o'clock this morning Mrs. Rena White, nee Miss Rena Adams, died at the residence of Dr. and Mrs. Odle in this city after an extended illness. Mr. Adams, the father of the deceased, arrived in Ukiah Wednesday night in time to see his daughter alive. Her age was 26 years, and she had many friends who will regret her untimely demise. The funeral will take place tomorrow at 2 P. M.

TOWN AND COMMUNITY

The Happenings of the Week Briefly Recorded.

Events of More Than Ordinary Note which will Prove Interesting.

Hon. W. S. Melick, Secretary of the State Board of Examiners, arrived in town Wednesday evening and proceeded at once to the State Hospital to look into the management of the institution and see what its needs are. Bro. Melick is editor of the Pasadena News and has a wonderful capacity for hard work. He served the state in the legislature for three terms and is well up in state affairs. When Gov. Pardee was looking over the state for a Secretary to the Board of Examiners, he recognized Melick's worth and ability and offered the editor the position. Melick is now looking into the wants of the State institutions and when he reports to the Governor, Mr. Pardee will know all about the institutions that is worth knowing, for Melick has the faculty of going to the bottom of things. Secretary Melick visited San Quentin and Glen Ellen before coming here.

While at San Quentin Melick called up the Governor to ask him some questions about certain matters. The Governor picked up the phone and said: "Who is this?" The editor said: "Why this is Melick," "Where are you now?" said the Governor. "In San Quentin," replied Melick. "Thats where you should have been a long time ago," said the Governor, as he hung up the phone. Melick is now waiting his chance to get even.

Peter Koski Killed.

There was another fatal accident among the men employed by the "Diamond D" mill near Willits last Monday. A tree fell upon Peter Koski, a native of Finland and crushed out his life. It is understood that the deceased had a family in Finland. An inquest was held by Justice Kenworthy the Jury returning a verdict in accordance with the facts.

A large redwood tree was being felled at the head of a gulch. It fell uphill and in falling brought down another smaller tree with it. A piece of one of the limbs of the latter broke off and bounded down the other side of the hill some 200 yards and struck Koski, who was heading that way with his partner Petersen, pinning him to the ground and breaking his neck and fracturing his skull. The deceased was born forty-five years ago in Finland where he has a wife and children, and had been in the employ of the company for the past two years. Rev. W. W. Pew performed the ceremony.

Residence Burned.

Wednesday afternoon the commodious residence of Arnold Ford on what is known as the Cal English place, between Ukiah and Calpella, was totally destroyed by fire. Most of the furniture was saved, but the burning of the house is a serious loss. The fire caught in the roof from the burning of paper and other trash in the fire place. Mr. Ford and wife were cleaning up preparatory to repapering and painting, and put some of the old wall paper into the fireplace to burn it. The flame sucked up thru the chimney with such force as to carry some of the blazing paper out onto the roof.

Mr. Ford bot the ranch several months ago. The house was a substantial one, and was built by Cal English at a cost of over $2,500. We understand Mr. Ford had $1000 insurance on the building. He will rebuild as soon as possible.

Baechtel-Simonson Wedding.

As foreshadowed heretofore in these columns, there was a happy wedding last Sunday at the home of ex-Supervisor Ole Simonson and family, near Willits. Mr. Luther S. Baechtel and Miss Bergie Simonson stood hand in hand and took upon themselves the mutual vows which were to bind them to each other for life. The bride is one of the well known and popular daughters of our friend, the es-Supervisor, and the groom is a son of S. M. Baechtel, one of Mendocino's pioneer citizens. The groom has been for some time in the stock business in Eden Valley. The young couple will be at home at Eden Valley after June 15th. THE DISPATCH joins their many friends in congratulations.

Linn-Bannerman Marriage.

Wednesday evening shortly before 8 o'clock. Robert Linn, of Orr's springs, and Miss Georgie Anna Bannerman, of Comptche, were married in this city at the parsonage of the M. E. church, south, Rev. W. O. Waggener officiating. The young couple were accompanied by Mr. and Mrs. L. C. Anderson, the latter being a sister of the bride. Yescribe also dropped in in time to witness the interesting ceremony. The bride and groom are both quite young, the bride being only sixteen. The DISPATCH congratulates the happy pair and wishes them long and happy lives.

Renicke-Thompson.

There was another wedding last evening near Ukiah. Clay Renicke, the popular pilot of the Mendocino mail, express and passenger coach, led Miss Nellie Thompson to the altar and solemnly promised to be good to and cleave to her as long as they both shall live. The marriage took place at the home of the bride's parents about three miles above town. We wish the young couple all kinds of good luck.

H. Marks & Co's Catalogue.

H. Marks and Co, proprietors of the "City of Ukiah" department store, have just gotten out a very handsome illustrated catalogue of the goods they handle, for distribution thruout the country. This catalogue, in matter, style and makeup would be a credit to a much larger town than Ukiah. In fact the largest stores in the largest cites have not surpassed it.

Plenty Doing.

There was plenty doing in Ukiah last Sunday. There was a baloon ascension in the forenoon with a parachute drop. At 11 o'clock a. m., Rev. W. O. Waggener preached the Baccalaureate sermon to the graduating class of the Ukiah High School at the M. E. church, south, to a full house; in the afternoon there was a baseball game between the Healdsburg and Ukiah teams; and in the evening Rev. W. W. Pew preached the memorial sermon to the G. A. R. at the Christian church.

MADE YOUNG AGAIN

"One of Dr. King's New Life Pills each night for two weeks has put me in my "teens' again" writes D. H. Turner of Dempseytown, Pa. They are the best in the world for liver, stomach and bowels. Purely vegetable. Never gripe. Only 25c at Mathew Drug Co's store.

From Perkins' Camp.

May 24th, 1903.

We are having tremendous high winds in this part of the county therefore making it very dangerous for the woodsmen, especially for the choppers. The chopping force of the two camps are falling in the neighborhood of 160,000 feet per day. The horse team is conducted by William Duke and is rapidly cleaning out the timber that was recently purchased from Brown & Gray. This claim extends to the Ukiah stage road near the Garvin place. The skidder and Lafe Hall's donkey engine are also doing good work in the Gonzalve Gulch. The pile driving and trestle work is under the management of Tom Megaw. The logging engine Excelsior conducted by Joe Lilly is making three daily trips to the boom. His fireman is Ed McDonald.

The Citizens League that has recently been organized at Fort Bragg is undoubtedly an element against advancement of labor instead of elevating it. Our great Abraham Lincoln in his message to Congress said: "Labor is prior to and independent of capital. Capital is only the fruit of labor and could not ever exist if labor had not first existed. Therefore I want Congress to give all labor questions its greatest consideration." Had the Citizens League of Fort Bragg thot as that great man did, and be in harmony with the wage worker, would it not be better for their business. The element that took the union's part will come out ahead whether labor wins or loses. Every woodsman and voter of the coast will have to keep his eyes well open in the future and throw his dimes in the right direction.

J. R. THOMPSON.

The Commoner.

(Mr. Bryan's Paper.)

The Commoner has attained within six months from date of the first issue a circulation of 100,000 copies, a record probably never equaled in the history of American periodical literature. The unparalleled growth of this paper demonstrates that there is room in the newspaper field for a national paper devoted to the discussion of political, economic and social problems. To the columns of The Commoner Mr. Bryan contributes his best efforts; and his review of political events as they arise from time to time can not fail to interest those who study public questions.

The Commoner's regular subscription price is $1.00 per year. We have arranged with Mr. Bryan whereby we can furnish his paper and THE DISPATCH together for one year for $3.25. The regular subscription price of the two papers when subscribed for separately is $3.50.

The Winter Route East.

An erroneous impression prevails that because the Rocky Mountains have a high elevation, the winter climate is cold and snowy. The fact is, the average precipitation of moisture during the entire year is less than fifteen inches, and danger from snow blockades on the railroad very slight. This is especially true of the Denver & Rio Grande, over which System travel has gone with less interruption for the past ten winters than upon the majority of lines popularly supposed to be free from such delays.

Old Winter but adds to the majestic beaut of the mountain scenery along the way. It brings no fear nor discomfort to the traveler on the "Scenic Line of the World."

Our personally conducted daily excursions are operated all the year ound and are cheap and comfortable means of reaching all parts o the East.

Pretty Safe Rule To Go By.

When there is a feeling that the heart or lungs, blood or liver, brain or nerves are diseased, at once commence to doctor the stomach. That is the foundation of the trouble in 90 cases out of a 100. Commence to regulate the digestive organs, get them in healthy working condition, and the other troubles will leave of themselves. Diseases which have their begining in the stomach must be cured through the stomach. The medicine for stomach disorders and half the ills of life, is Dr. Gnnn's Improved Liver Pills. These pills put all the digestive organs in good condition so that disease has no basis to work upon. They are sold by all druggists for 25 cts per box. One pill is a dose. We will send a box post-paid, on receipt of 25 cts, or to anybody who wants to try them we will send 2 pills free. Send name and address to Dr. Gunn, Philadelphia, Pa. For sale by J. R. Mathews, Druggist.

TOO GREAT A RISK.

In almost every neighborhood someone has died from an attack of colic or cholera morbus, often before medicine could be procured or a physician summoned. A reliable remedy for these diseases should be kept at hand. The risk is too great for anyone to take. Chamberlain's Colic, Cholera and Diarrhoea Remedy has undoubtedly saved the lives of more people and relieved more pain and suffering than any other medicine in use. It can always be depended upon. A Letter From Litchfield, Neb.

Thomas Clancy, of Litchfield, Neb. wrote us a few weeks ago about his experience with Dr. Gunn's Blood & Nerve Tonic. As his case may be similar to others it naturally would be of interest to them to know the result of his test. He had been haunted for years with a gradual growing weakness until he was reduced to almost a shadow. His complexion was sallow and pimply, had dizzy and sinking spells, with loss of memory and ambition. Always felt tired and outdone, suffered greatly with nervousness, and felt that his heart's action was weak. His digestion was so poor his system received no nutriment. He says he commenced the use of this Tonic, taking one tablet after each meal. He did not notice much change after using one box only he enjoyed his meals better, still he kept on until he had used six boxes. He used the last box more than six months ago. When he stopped the use of the Tonic he weighed 28 lbs. more than he did when he commenced. Has not been sick a day since, and is well in both mind and body. Dr. Gunn's Blood & Nerve Tonic is the best medicine in the world for pale, weak or sickly women. Sold by all druggists for 75c per box, or sent by mail on receipt of price. Write us about your case. ALL ALONG THE COAST.

What Has Transpired This Week In The Fog Belt.

FROM FORT BRAGG.

From the Advocate.)

Miss Carrie Bowman's school at Hardy Creek closed Friday for the summer vacation, Miss Bowman returning to her home in Mendocino.

Mr. Sutch organized a labor union at Mendocino Saturday night with a charter membership of 38, quite a number going down from here.

A spark from the mill set fire to the long bridge across the mill pond Saturday, and before it was extinguished, it did considerable damage, not only to the bridge, but to everything in its path. It is said the Noyo Shingle Company entailed a loss of about 300,000 shingles by the fire.

Out of nine starts T. L. Gregory's race mare Carilee finished five times second and first once, winning the mile at Sacramento Thursday, beating a big field of good horses. The purse won was $250. Carilee, no doubt, will give a good account of herself in the future, as she comes from speedy stock.

Manuel Gaspard was caught by a log in the Cleone woods and had his leg mangled, Dr. McCornack attending him. Joe M. Louis was sent ahead to inform Mrs. Gaspard of the accident her husband met with. In coming to town his bicycle ran away with him and he was taken to the hospital, where his injuries received attention.

A SURE THING

It is said that nothing is sure except death and taxes, but that is not altogether true. Dr. King's New Discovery for consumption is a sure cure for all lung and throat troubles. Thousands can testify to that. Mrs. C. B. Van Metre of Shepherdtown, W. Va., says: "I had a severe case of bronchitis and for a year tried everything I heard of, but got no relief. One bottle of Dr. King's New Discovery then cured me absolutely." It's infallible for croup, whooping cough, grip, pneumonia and consumption. Try it. It's guaranteed by J. R. Mathews Drug Co. Trial bottles free. Regular sizes 50c, $100.

MENDOCINO PICK-UPS.

From the Beacon.)

Herman Klinesmith, son of former well known Mendocino residents, and himself a native of this place, died of pneumonia at the home of his parents at Redding on April 15.

The real estate records show that A. R. Johnson, the well-known logging contractor, has disposed of large tracts of timber land about the head of Big River to H. B. Hickey, who is presumably buying for the Albion Lumber Company. It is supposed that the deal includes all of Mr. Johnson's timber holdings, and that he is retired from the logging business for the present at least. This will be quite generally regretted on the coast, for he was highly esteemed by both business men and workingmen alike.

HIGH SCHOOL TO BE ACCREDITED.

Last Tuesday Professor Kendric C. Babcock of the University made a special trip to this place in order to examine the work of the local high school. Although the work of the committee of examiners of high schools had been practically closed for the year, it was decided that in justice to this school an examination should be made of the courses that had not yet been accredited by the university. The result of this examination will certainly be pleasing to all patrons and friends of the school. The school will be placed on the list of accredited schools for the year, and those of its graduates who are recommended by the teachers, will be admitted to the university without entrance examination. The actual progress of the school in keeping abreast of modern educational development, the organization of its work and the character of the instruction, are approved and commended by the examiners. This surely speaks well for the management of the school and the teachers who are engaged. With substantial support and co-operation the work will continue, the school will grow and become of even greater usefulness to the community and the county.

GREATLY ALARMED

By a Persistent Cough but Permanently Cured by Chamberlain's Cough Remedy

Mr. H. P. Burbage, a student at law, in Greenville, S. C., had been troubled for four or five years with a continuous cough which he says, "greatly alarmed me, causing me to fear that I was in the first stage of consumption." Mr. Burbage, having seen Chamberlain's Cough Remedy advertised, concluded to try it. Now read what he says of it: "I soon felt a remarkable change and after using two bottles of the 25 cent size, was permanently cured." Sold by Mathews Drug Co.

The hot springs is now in communication with the outside world, the telephone line being completed Saturday.

J. L. Prather, Philo postmaster, met with a strange accident one night last week. He must have been dreaming that Uncle Sam was after him, for he fell out of bed, breaking his collar bone.

Mrs. J. C. Hale, Francis and Sidney Hale, of Gualala, went to San Francisco last week on the steamer Scotia and will sail to-day on the steamer Pomona for Eureka, where they expect to visit friends and relatives for a few weeks before returning home.

At an enthusiastic meeting held by the citizens of Point Arena it was decided to celebrate the coming Fourth of July in a fitting manner. The report of the finance commictee was most satisfactory, and all present agreed to give a celebration that would be a credit to the town.

Operations at the oil well are now progressing satisfactorily. The iron down the hole, which has been the source of much annoyance for some time has seemingly been disposed of, as the casing goes down with ease and boring progresses. It is thought the iron has either been driven out of the way to one side or destroyed by dynamite used to blow it out.

A FARMER STRAIGHTENED OUT

"A man living on a farm near here came in a short time ago completely doubled up with rheumatism. I handed him a bottle of Chamberlain's Pain Balm and told him to use it freely and if not satisfied after using it he need not pay a cent for it," says C. P. Rayder, of Pattens Mills, N. Y. "A few days later he walked into the store as straight as a string and handed me a dollar saying, 'give me another bottle of Chamberlain's Pain Balm. I want it in the house all the time for it cured me.'" For sale by Mathews Drug Co.

FOR THE LITTLE ONES.

How a Little Girl Decided a Question of Ownership.

"Every Child Her Own Solomon" is a text that may come up for discussion in some of the clubs after the color question is disposed of, now that little Miss Kohlsaat has argued and won a case of her own. The little girl lost a much beloved pet dog some time ago and recently saw it riding in a carriage with a handsomely gowned woman. The carriage was going very slowly and near the pavement, and the little girl delightedly called her pet by name. With a whine of joy the animal sprang from the vehicle and, running to little Miss Kohlsaat, began jumping about her and licking her hands for sheer joy.

"You can't have my dog, little girl," called the woman from her carriage, which had now drawn up to the curb.

"But this is my dog," said little Miss Kohlsaat.

"No; it is my dog," said the woman.

"I'll prove that it is mine," replied little Miss Kohlsaat, with the blood born of determination and justice.

By this time quite a crowd of children and passersby had collected, and the girl, with the dog in her arms, faced her antagonist as a lawyer faces a jury.

"Can your dog stand up and beg?"

"Yes," answered the woman.

"Can he jump through a hoop?"

"Yes."

"Can he lie down and play dead?"

"Yes."

"Can he dance on his hind feet?"

"Yes."

"Can he say his prayers?"

"Yes."

Closing her arms tightly about the dog and starting to walk away, the child cried triumphantly: "Well, my dog can't! He is mine then!"

And she won.

The Game of Traveler.

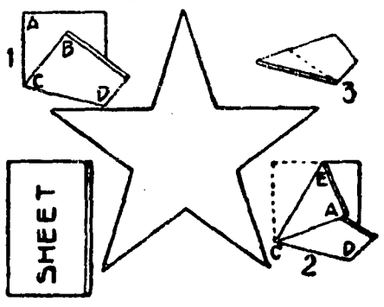
The traveler leaves the room. The rest of the company decide on the countries they will represent. These are some of the representations which may be used: A girl who represents a Turkish lady may recline upon a sofa. For her turban she may use a twisted handkerchief, and she may smoke a pipe made from an ordinary stick. A German lady should be knitting, with her feet on the stove. A Laplander, warmly wrapped, should be shown driving reindeers, which may be represented by turned over chairs. The Lap should have a rug over his knees. A gypsy tent may be easily contrived with a shawl and a couple of chairs. A German student can be shown singing a Rhine song, wearing a turndown collar and carrying a knapsack and a book. Other countries may be represented by similar simple devices. When all are ready, the traveler comes into the room and endeavors to guess what nation each person represents by his appearance, occupation, etc.

Cut at One Stroke.

This is the way to obtain the exact shape of a star with five rays by a single cut in a straight line with a pair of scissors in a single piece of paper:

Take a letter sheet double, folding it to right, as in Fig. 1, according to the line C D, so that the angle A C B shall be half of the angle B C D. Then fold the sheet according to the line C E of Fig. 2.

Now double it over as indicated in Fig 3. If the line C E



PIN POINTED STAR.

comes upon C D, it will show that you folded correctly. If it comes a little outside or inside, modify the first fold, C D.

When you are sure that the line C E comes exactly on C D, cut with your scissors along the straight line marked by dots in Fig. 3, and, unfolding the paper, you will have the star with five rays and can cut as many thousands of them as you like on the same plan.

The Land of Anyhow.

Beyond the isle of What's-the-use,
Where Slipshod point is now,
There used to be, when I was young,
The land of Anyhow.

Don't Care was king of all this realm,
A cruel king was he,
For those who served him with good heart
He treated shamefully.

When boys and girls their tasks would slight
And cloud poor mother's brow,
He'd say: "Don't care! It's good enough!
Just do it anyhow!"

But when in after life they longed
To make proud Fortune bow
He let them find that fate ne'er smiles
On work done anyhow.

The Store That Gives You Full Value for Your Money

ADVERTISING cannot make a firm successful unless the merchandise is good. Whatever we have said in our advertising we have backed it up with the goods. Our advertising and merchandise tell the same story—a story of value at the lowest possible price for which the goods can be sold. This is the reason of our success. We measure our success by our steady growth from year to year.

Baccalaureate Sermon.

Rev. W. O. Waggener Delivers Very Interesting Address to High School Graduating Class

Last Sunday at 11 o'clock a. m., Rev. W. O. Waggener preached the Baccalaureate sermon to the graduating class of this year of the Ukiah High School. The class and teachers occupied front seats and paid marked attention to the able and eloquent sermon. The church was filled to its capacity by an intelligent, representative audience, many young people being present. We give below a partial and perfect synopsis of Mr. Waggener's sermon. He took as the basis of his remarks several passages of scripture bearing upon the lessons he desired to inculcate and after expressing his pleasure and appreciation at being invited to preach the Baccalaureate sermon, he announced as his subject "Life's Trinity—Thot Speech and Action". The speaker in substance said:

"Every power given of God is designed for use and development, training and growth and to mark every part of our being and every faculty of our nature. Man is unique in possessing the power to reason, to think and to fitly feel the force of right reasoning and true thinking. This power we are expected to use, expand and increase on and out and up to its utmost limits of achievement and possibility. All right thinking is an earnest search after and a reaching forth into the Truth. The Mightiest of Masterss has tellingly taught us the reality of truth. He taught us also that the world of the intellect was a world of use, of seriousness, of effort and of frequent possibilities. He who is Truth, taught us the supremacy of truth—that it is the most royal and precious thing in the universe. He showed us the accessibility of truth, and that we, thru Him, may have knowledge of the highest truth, the eternal truth. The trained intellect as well as the beaming heavens is to declare God's glory, and declare it with an eloquence surpassing the shining star syllables written in light across the mammoth page of the measureless sky. The truly great thinker is among God's greatest gifts to humanity. The merely material is not to be compared with him. Nothing of true and lasting worth in the realm of thot can be accomplished without control and concentration. "Foolish thots", "vain thots" and "idle thots" against which God's word cautions us, not only vitiates the taste for systematic thinking, but they positively destroy the capacity for such thinking. Few are able to really think out a subject. Worse still, idle thots lead to evil thots, thots which degrade the mind and pollute life's sweetest streams. An impure thot is the deadliest of poisons at the very root of life. Do your own thinking. Even the greatest of human teachers are not to be slavishly followed. They are only instrumental Too many in literature, science, politics and religion are overawed, coerced, blindly led by the imperiousness of some writer or speaker. Think out all the problems presented to you, and, guided alone by a conscience enlightened by God's word and spirit, stand on your own convictions though the heavens fall. In all your thinking let God enter, and God's word measure.

Speech succeeds thought. Speech is to be the expression of thot. From a muddy fountain of thot a muddy stream of speech will issue—from a clear fountain of thot a crystal current of sparkling speech will freely flow. Clearness of speech presupposes clearness of thot. Put no reliance in the oft used excuse, "I knew it but couldn't express it." We usually think in words, and when our thots are clear and orderly, our speech will be of like character. Aim at absolute accuracy in your speech. Think much, read much and write much, that you may choose what Ruskin calls the "vital word", and rightly use it. Flee the formation of a habit of careless, slovenly speech. The misuse of words is the first step in a very serious down grade. Careful attention to the meaning of words would put an end to many wearisome, discussions for many fallacies in politics, economics and in theology, are due to the indeterminate use of common words. It is with a shudder, as at some minor sacrilege, that one hears, again and again, and a great many times more the distortion of an ancient and honorable word. The slatternly slang of the day has degraded the word "awful", until some of the finest hymns of our language can hardly be heard or sung with becoming seriousness. What sort of a conglomerated curiosity and hyphenated monstrosity is an "awfully nice time." Yet that is what some of you girls said you had on Arbor Day, and some of the boys said you were "awfully pretty girls." We so easily drop into the bad habit of saying what others say. Avoid this "awful" offense against the purity and dignity of our mother tongue. Let your speech be ever accurate, true and pure. Let nothing vile or vulgar fall from your lips. You cannot speak carelessly without thinking carelessly, vilely without thinking vilely, falsely without thinking falsely, for "as a man thinketh in his heart, so is he." Avoid all expressions that even tend toward sacrilege or profanity. I mean avoid even the many common expletives that young men, and, with sorrow be it spoken, young women so often use. Profanity of many kinds is a crying evil of our times. Leave it utterly alone. It has in it neither courtesy nor courage, neither sense nor soul, neither reason nor religion. It is useless, senseless and wicked. Few deliberately cultivate it. Thru the careless, heedless use of serious words, men gradually become profane. Reckless language cannot be long indulged in without affecting the moral nature. "That which comes out of your mouth defiles you." The blasphemous word is almost sure to be followed by the rebel deed. Avoid all cant, whether of literature, social life or religion. The too frequent habit of speaking without corresponding convictions —for that is cant—is of the very nature of evil, and makes life hollow and insincere. See that you cultivate a feeling of reverence and love for our noble English language, which we praise so much and misuse so frequently and respect so little. There is no tongue like it, and in beauty, strength and point, there is none other to be compared with it.

There must be added to thot and speech, action. Action leads in value. The man of ideas and words must be a man of deeds also, to be a man at all. God reveals himself in action and our Savior closely crowded his short and sublime earthly life with divinely done deeds. Paul, a Prince among thinkers, fills half the Acts of the Apostles with heroic doings. How this daring doer surpasses the logic-loving, system spinning philosophers at Athens. You are to be daring doers, and tireless toilers in the fruitful fields of human helpfulness. Our pride of nature so often holds us back from action. The imagination so magnifies everything. The grandest things in fancy seem so plain and prosiac when put into action. The magnificent impossibility is so much easier than the drudging of today's task. The conditions of the actual world seem so narrowing. Whether you can do things with the precision and perfection that fancy pictures them or not, do the very best you can. Make up your mind to sacrifice perfection—not in aim, but in attainment. Beware of shirking life in any way. Fill to the full your life with acts of love, mercy, helpfulness in the busy world, in the quiet home and in the church of God. These should mark the upward path to true living and real nobility. The speaker has urged the supreme importance of the living bond that should bind men and women to desire Christ, and urged such a bond as absolutely essential to the attainment of lifes best and truest. Hear this, said in conclusion: Trust God with all your young life and serve him to the end. You have made a good beginning; see to it that you make a good ending. Make the most of today, tomorrow and all the future, by making the best of it. Truly render in your lives your class motto, "Perge Modo"—only forward, ever onward, and forever upward. Fear no foe, shirk no duty, shrink from no cross, cower before no danger. Rise above circumstances. Be what you seem and seem what you are. Scorn all pretense, hate all shams; be reality incarnate. Bring constantly into all your thinking, speaking and acting, the consciousness of God, of the spiritual, the divine, the infinite, the eternal. Be always and everywhere true to the spirit of Jesus Christ and then you shall share the joys of heaven, and hear the "Well Done" of God. Then and there thot will be a eternal delight, speech will be in the perennially pure language of the angel graduates in the school of glory, and action will be one everlasting ministry of divinest love, with no note of weariness and no shadow of suffering.

WHEN LIFE'S AT STAKE

The most timid man will take any chance of escape. The slender rope dropped down the precipice, the slippery log over the abyss, anything that offers a chance of life, is eagerly snatched at. The end the man seeks is safety. He cares nothing for the means to that end.

There are thousands of men and women whose lives are at stake, who are hindered from accepting the one means of safety by foolish prejudice.

Doctor Pierce's Golden Medical Discovery has been the means of restoring health to many men and women whose hollow cough, bleeding lungs, emaciation and weakness seemed to warrant the statement of local physicians—"There is no cure possible."

Why should prejudice against a put-up medicine hinder you from trying what has cured thousands of suffering men and women?

"Only for Dr. Pierce's Golden Medical Discovery I think I would be in my grave to-day," writes Mr. Moses Miles, of Hilliard, Uinta Co., Wyoming. "I had asthma so bad I could not sleep at night and was compelled to give up work. It affected my lungs so that I coughed all the time, both day and night. My friends all thought I had consumption. My wife had taken Dr. Pierce's Favorite Prescription and it had helped her so much she insisted on my trying his 'Golden Medical Discovery'—which I did. I have taken four bottles and am now a well man, weighing 185 pounds, thanks to Dr. Pierce's Golden Medical Discovery."

The sole motive for substitution is to permit the dealer to make the little more profit paid by the sale of less meritorious medicines. He gains; you lose.

Bronchitis

"I have kept Ayer's Cherry Pectoral in my house for a great many years. It is the best medicine in the world for coughs and colds."

Notice to Bidders.

Notice is hereby given by the Board of Supervisors of Mendocino County, that sealed bids will be received by said Board up to Tuesday, June 2d, 1903, at 3 o'clock P. M., for the construction of that part of the Yorkville and Fish Rock Road, beginning at Station 58 as shown by the report of viewers now on file in the office of the Board of Supervisors of Mendocino County, State of California, thence running westerly along the located line of said survey and report to a point in the center of the present traveled road at a point just westerly of August Wherspon's tramway, the length of said road to be constructed being three-fourths of a mile.

Bids may be filed with the Clerk of this Board at any time up to the hour set for opening the same.

SPECIFICATIONS.

I. The road must be constructed strictly in accordance with the survey thereof and the specifications hereinafter mentioned.

II. The road bed must be at least ten (10) feet in width, except on turns where it must be at least twelve (12) feet in width for the entire length of said turn (this includes both concave and convex turns or curves).

III. Culverts shall be constructed at all places where the same may be necessary and of sufficient size to carry all water that may drain to the same, said culverts to be constructed of No. 1 redwood lumber, three inches thick and not less than sixteen feet in length, and in no case shall the dimensions be less than 10 inches by 12 inches in the clear, same to be so placed that they will have at least 18 inches fall.

IV. All convex turns or curves must be made on a curve with a radius of not less than 30 feet, said radius to be measured to the center of said road.

V. All concave turns or curves must be made on a curve with a radius of not less than 35 feet, said radius to measure from the center of said road.

VI. At least three turnouts must be constructed which must be at least 15 feet in width for a distance of at least 75 feet.

VII. No brush shall be used for making any fills, nor shall any timber less than 12 inches in diameter be used for such purpose.

VIII. A bridge must be constructed across Bear Creek, same to be 16 feet wide in the clear, it must be substantially built of first-class material, the flooring to consist of 3-inch fir lumber, the sides of said bridge to be protected by a railing three feet in height and well braced with side braces.

IX. All banks shall have a slope away from said road of one foot in three feet.

X. All fills must be 110 per cent fills.

XI. Any work not herein specified, but which may be fairly implied, shall be properly executed, and all of said work must be completed in a thorough and workmanlike manner.

XII. All work done and material used must be subject to the approval of an inspector or commissioner appointed by the Board of Supervisors.

Dated, Ukiah, Cal., May 6, 1903.
C. P. SMITH, Chairman.

Summons

IN THE SUPERIOR COURT OF MENDOCINO COUNTY, STATE OF CALIFORNIA.

Union Lumber Company, a corporation, plaintiff,
vs.
Charles Roberts, John Doe, Richard Roe and Mary Roe, defendants.

Action brought in the Superior Court of Mendocino County, State of California, and the complaint filed in the office of the clerk of said Superior Court.

The people of the State of California send greeting to Charles Roberts, John Doe, Richard Roe and Mary Roe, defendants.

You are hereby directed and required to appear in the above entitled action and answer the complaint filed therein in the said Superior Court of Mendocino County, state of California, within ten days (exclusive of the day of service) after the service on you of this summons, if served within the County of Mendocino, or, if served elsewhere, within thirty days.

The said action is brought against you to obtain a judgment and decree quieting the title to the lands and premises set forth and described in the plaintiff's complaint, which are situated in Mendocino County, State of California, to wit:

The northwest quarter of section 28, twp 19 n, r 15 w, M. D. M.; and determining the adverse claims of defendants and each of them in and to said lands, and that it be adjudged and decreed by said decree that the defendants have not, nor has any or either of them, any right, title, estate or interest in the lands above described, or in any part thereof, and that the title of the plaintiff thereto is good and valid, and that defendants and each of them be forever enjoined and debarred from asserting any claim whatever in or to said lands or premises, or any part thereof, and for such other and further relief as to this Court may seem meet and proper, all of which will more fully appear by reference to the complaint on file herein to which you are hereby referred for further particulars.

And you are hereby notified that unless you appear and answer the complaint as above required, the plaintiff will take default against you and apply to the Court for the relief demanded in the complaint.

Given under my hand and the seal of the Superior Court of the said County of Mendocino, State of California, this 11th day of December, 1902.

[SEAL] HALE McCOWEN,
County Clerk of Mendocino County and ex-officio Clerk of the Superior Court thereof.
By A. HORTON, deputy clerk.

MRS. CARRIE P. HANNAFORD.

New Life and Strength Came to Her.

A Massachusetts woman, Mrs. CARRIE P. HANNAFORD, of No. 69 Hale St., Beverly, Mass., who is well-known socially there, being Treasurer of the Order of the EASTERN STAR, wrote her experience as follows:

"Your 'Favorite Prescription' is, without a doubt, the finest remedy on the market to-day, for female difficulties. I suffered for four years with pains every period, and I dreaded the approach of the time as I knew it meant two or three days' misery. Tried several different widely-advertised remedies, and found that they did me no good whatever. One day a friend called, who had suffered as I was suffering, and who told me that she had been cured through the use of Dr. Pierce's Favorite Prescription, so I purchased a package. I found that the real value of your medicine was greater even than my expectations, and the next month I had hardly any pains. The following month had none at all, and found that my general health was much better and new life and strength had come to me.

"These are the actual facts, and I feel that it is due you that I should write you. Sincerely yours,

MRS. CARRIE P. HANNAFORD."

To Hon. R. V. Pierce, M. D.

Young women or matrons should not allow themselves to look sallow and wrinkled because of those pains and weaknesses which become chronic and are the result of colds, tight lacing, and imprudent care of the womanly system. Many a woman would look beautiful, have a healthy color and bright eyes if it were not for those drains on her strength and those weaknesses which come all too frequently and make her life miserable. There is a ready-to-use Prescription, used a great many years by Dr. R. V. Pierce in his large practice as a Specialist in women's diseases, which is not like the many "patent medicines" on the market, as it contains neither alcohol nor any narcotic. It is purely vegetable.

Dr. Pierce's Favorite Prescription establishes regularity, dries weakening drains, heals inflammation and ulceration, and cures female weakness. It cures headache, backache, nervousness, sleeplessness and other consequences of womanly disease. "Favorite Prescription" makes weak women strong, sick women well. Accept no substitute for the medicine which works wonders for weak women.

$500 Reward FOR WOMEN

WHO CANNOT BE CURED.

Backed up by over a third of a century of remarkable and uniform cures, a record such as no other remedy for the diseases and weaknesses peculiar to women ever attained, the proprietors and makers of Dr. Pierce's Favorite Prescription now feel fully warranted in offering to pay $500 in legal money of the United States, for any case of Leucorrhea, Female Weakness, Prolapsus, or Falling of Womb which they can not cure. All they ask is a fair and reasonable trial of their means of cure.

Their financial responsibility is well known to every newspaper publisher and druggist in the United States, with most of whom they have done business for over a third of a century. From this fact it will readily be seen how utterly foolish it would be for them to make the above unprecedented and remarkable offer if they were not basing their offer on curative means having an unparalleled record. No other medicine than Dr. Pierce's Favorite Prescription could possibly "win out," as the saying goes, on such a proposition. But they know whereof they speak. They have the most remarkable record of cures made by this world-famed remedy ever placed to the credit of any preparation especially designed for the cure of woman's peculiar ailments. This wonderful remedy, therefore, stands absolutely alone as the only one possessed of such remarkable curative properties as would warrant its makers in publishing such a marvelous offer as is above made in the utmost good faith.

WORLD'S DISPENSARY MEDICAL ASSOCIATION,

663 Main Street, BUFFALO, N. Y.

"I want to tell you of the great improvement in my health since taking your 'Favorite Prescription,'" says Mrs. H. S. Jones, of Forest, N. C. "When I began its use I was a physical wreck and had despaired of ever having good health again. Could not sit up all day. I noted a great improvement before the first bottle was all used. Was suffering with almost every pain that a woman is subject to: had inflammation of ovaries, painful and suppressed periods, and other symptoms of female disease. After taking six bottles of 'Favorite Prescription,' I felt like a new person. Can ride horseback and take all kinds of exercise and not feel tired."

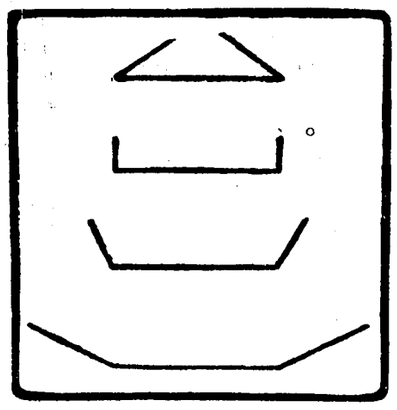
His Spelling Lesson.

One day little six-year-old Bernie failed to spell "throw" correctly. The teacher prompted him, and he spelled it after her. "Spell it again," she said.

"T-h-r-o-w," he replied.
"Again."
"T-h-r-o-w."
"Again."
"T-h-r-o-w."
"Again."
"T-h-r-o-w."
"Once more," she insisted.
"T-h-r-o-w."
"Now what are you spelling?"
"Again," he answered.

Not What They Seem.

You would think at first glance that the horizontal lines in the diagram were not of the same length, but as a matter of fact they are. The



short lines running at various angles lead the vision astray and make you think that what you are looking at is different from what it actually is.

Little Pud and the Bumblebee.

A round little lad stuck his nose one day
In a hollyhock big and red
That leaned o'er the walk in inviting way
Just over his curly brown head.
He stood on his toes and poked in his nose
To take of its sweets a good smell,
But quickly he stopped and on the walk dropped
With a lusty and agonized yell.

Forth from the flower a big bumblebee
Came booming and buzzing like mad;
Resentful and angry most plainly was he
At Pud Boy, the round, little lad.
To have a fat boy poke in and annoy
A bee at a feast, I suppose,
Arouses his ire, and so, all afire,
He stings the fat boy on the nose.

And little Pud Boy when his hurt was well
And gone was the terrible pain
Remembered, and into a flower's cell
His nose never ventured again.
In fear he would flee at sight of a bee
As fast as he could from the spot,
And then he would say in very wise way,
"'At bug's little foots is too hot!"

ALL OVER THE HOUSE.

Some Pointers on the Care of Polished Furniture.

The care of furniture woods is an interesting part of the intelligent housekeeper's duties. The daily light dusting must supplement the weekly rubbing if the "bloom," in this instance not desirable, is to be kept away. As a rule the use of any restoratives is to be deprecated. Unless applied by a tireless arm and thoroughly rubbed in and thereafter the piece of furniture kept in perfect polish by a daily rubbing, the oil is sure to form a crust sooner or later which is gummy to the touch and not pleasing to the eye. For this reason new furniture should be kept as long as possible without the application of such restoratives. Furniture which has been finished with shellac or varnish, whether in glossy or dull finish, should never be cleansed with soap or water. Soap is made to cut oily substances and in the performance of the service for which it is made eats the oil out of the waxed, oiled or shellacked surface it touches and destroys it. If an oil restorer seems for any reason to be necessary, raw linseed oil and turpentine in equal parts applied on a piece of cheesecloth will be found most often of service.

For carved portions which require daily attention soft brushes such as are used for the cleansing of silver will be found to be the best agent. Brush the ornamented portions out thoroughly with a dry brush and use a second for the real cleansing. This may be dipped in turpentine and used without fear of scratching the finish of the wood.

Where white spots appear on polished surfaces from the dropping of liquids or from heat the immediate application of raw linseed oil will generally restore the color. The oil should be left on the affected spot for several hours or over night. Alcohol will perform the service if applied at once to rosewood or highly finished mahogany. In each instance when the color has returned the spot should be repolished with a piece of cheesecloth moistened with turpentine.

A Bottle Cleaner.

A new device that is warranted to thoroughly clean bottles, those that have contained wine or beer included, consists of a rod which by means of a hinge is divided into three parts of unequal length. The longest part corresponds to the length of an ordinary bottle, and the two other parts correspond respectively to the diameter of a bottle at the bottom and to the length of the neck. The three parts are covered with rubber, and as they are hinged they can be moved in any direction. The method of cleansing is to partly fill the bottle with water and thrust the rod into it. As soon as the device reaches the bottom of the bottle the lower part spreads out and thus reaches any sediment or other dirt that may have gathered there. The middle part of the rod also spreads out so as to cover the rest of the bottle, and a few turns of the apparatus serve to cleanse the bottle, and the dirt is poured off with the water.

Saving Steps.

The woman who does her own work would find much comfort in a simple little device adopted by a Philadelphia bride, says the Press of that city. It is a movable stand for removing the dishes from the dining room to the kitchen and so constructed that all dishes can be taken from the kitchen at once, thus saving many steps. Clean dishes, the different courses, etc., can be brought from the culinary regions in one "trip." This labor saving device is nothing more than a stout little table mounted on rollers and fitted out with a couple of shelves, extensions and other conveniences. The carpenter made the improvements for a couple of dollars. The little housewife says her stand has already saved her $50 worth of time and strength.

Mock Cream Pie.

Roll out the upper and under crust with a little flour between. Bake a delicate brown. Split them as soon as baked and set them away until wanted for the table. Then fill them between with a custard made of one pint boiling hot milk thickened with two eggs, two-thirds cup of white sugar, two tablespoons of flour; salt and season. Scald together until thickened. When almost cold, fill the pie and eat when entirely cooled.

Food and Character.

Eaten constantly or to excess, pork will cause pessimism, beef will cause audacity, mutton will cause melancholy, veal will cause loss of energy, butter will cause laziness, potatoes will cause dullness.

Mustard for memory.

Apples for brain power.

Eggs, milk, fruit and grains for health and vivacity.

Notice of Hearing Report of Road Viewers.

In the Board of Supervisors, of Mendocino County, State of California.

In the matter of the proposed alteration of a road in Sanel Road District in the First Supervisorial District.

R. E. Donohoe, G. W. Grant and W. E. Parsons, the viewers appointed to locate said road, have viewed out and located the same and filed their report with the Board of Supervisors of Supervisors of said Mendocino County; and said Board having fixed the time and place for hearing said report for Tuesday, June 2nd, 1903, at 2 o'clock p. m. of said day, at the rooms of said board at the Court House at Ukiah, Mendocino County, California. And it appears from said Report that the non-consenting land owners are the San Francisco and North Pacific Railway Company and H. N. and Wm. Peters. And said Board of Supervisors having on the 5th day of May 1903, made an order that notice be given to said non-consenting land owners by publication of notice for at least two successive weeks before said 2nd day of June 1903, in the DISPATCH-DEMOCRAT, a newspaper printed and published in said county.

By the Report of said viewers it is proposed to locate an alteration in a certain public road in Sanel Road District in the First Supervisoral District, beginning at the northwest corner of Lot 12 of Rice and Baltzell's survey of the Sanel Rancho, said point of beginning being the southeast corner of the present travelled road leading from Sanel southerly and the road leading from Sanel to Hopland, thence from such point of beginning (Mag. var. 18 deg. E) S. 1½ deg. W along the east line of said road leading southerly, a distance of 20 feet, thence S. 89 deg. 25 min. E. and parallel with the north line of the lands of H. N. and Wm. Peters, a distance of 2260.75 feet, thence S 79 deg. 32 min. E. 339 feet to a point 20 feet southerly of the southwest corner of the approach to the bridge over Russian River, thence continuing in the same course 221 feet more or less to the easterly line of said Lot 12 of said Rancho, thence northerly along the easterly line of said Lot 12 to the northeast corner thereof, thence in a direct line to the place of beginning.

Said proposed alteration will pass over the lands of the San Francisco and North Pacific Railway Company for a distance of about 102 feet and over the lands of H. N. and Wm. Peters for a distance of about 2718.75 feet, including .07 acres of land owned by the S. F. & N. P. Ry. Co. and 1.72 acres of land owned by the said H. N. and Wm. Peters.

The said alteration is particularly described and the lands over which it is to run particularly shown and set out in said report of said viewers, now on file with the clerk of this Board to which reference is hereby made.

Now, therefore the above land owners, and especially the above non-consenting land owners, are notified to appear before the Board of Supervisors of said County at their room and place of meeting, in the Court House at Ukiah, on the 2nd day of June 1903, at 2 o'clock p. m., then and there to show cause, if any they have, why said report should not be finally accepted and the road as proposed to be altered declared a public highway and ordered to be opened as such; and also to show and prove to the said Board the amount of damages such non-consenting land owners are justly and legally entitled to.

Dated the 5th day of May, 1903.

HALE MCCOWEN,

County Clerk and ex-officio Clerk of said Board of Supervisors of Mendocino County, State of California. By A. HORTON, Deputy.

IN THE SUPERIOR COURT OF THE COUNTY OF MENDOCINO, STATE OF CALIFORNIA

J. R. SCOTT, Plaintiff,
vs.
E. S. WALLICK and E. E. WALLICK, wife of said E. S. WALLICK, Defendants.

Action brought in the Superior Court of the County of Mendocino, State of California, and the complaint filed in the office of the Clerk of said County of Mendocino.

W. P. THOMAS, Attorney for Plff.

The People of the State of California send greeting to E. S. Wallick and E. E. Wallick, wife of said E. S. Wallick, defendants.

You are hereby directed to appear and answer the complaint in the above entitled action, brought against you in the Superior Court of Mendocino County, State of California, within ten days after the service on you of this summons, if served within this county, or within thirty days if served elsewhere.

And you are hereby notified that unless you appear and answer as above required, the plaintiff will take judgment against you for any money or damages demanded in the complaint, as arising upon contract, and will apply to the Court for any other relief demanded in the complaint.

The said action is brought to obtain judgment against the defendants E. S. Wallick and E. E. Wallick, wife of said E. S. Wallick, upon a promissory note dated August 3, 1901, for the sum of four hundred and fifty dollars with interest from date at the rate of seven per cent per annum, compounded annually; for fifty dollars attorney's fees and for costs of suit; and for the foreclosure of a mortgage securing said note; that all said sums may be declared to be a lien upon the lands and premises described in the complaint, and that the said premises may be sold in one parcel to satisfy the claim of plaintiff for all amounts so found due, all of which will more fully appear by reference to the complaint on file herein, a copy of which is herewith served upon you.

Given under my hand and the seal of the Superior Court of the County of Mendocino, State of California, this 12th day of March, 1903.

Summons

IN THE SUPERIOR COURT OF MENDOCINO COUNTY, STATE OF CALIFORNIA.

Union Lumber Company, a corporation, plaintiff.
vs.
Fleming D. Thom, John Doe, Richard Roe, and Mary Roe, defendants.

Action brought in the Superior Court of Mendocino County, State of California, and the complaint filed in the office of the Clerk of said Court.

The people of the State of California send greeting to Fleming D. Thom, John Doe, Richard Roe, and Mary Roe, defendants.

You are hereby directed and required to appear in the above entitled action and answer the complaint filed therein in the said Superior Court of Mendocino County, State of California, within ten days (exclusive of the day of service) after the service on you of this summons, if served within the County of Mendocino, or, if served elsewhere, within thirty days:

The said action is brought against you to obtain a judgment and decree quieting the title to the lands and premises set forth and described in the plaintiff's complaint which are situate in Mendocino County, State of California, to wit:

The northeast quarter of section 21, twp 19 n, r 15 w, M. D. M.; and determining the adverse claims of defendants and each of them in and to said lands, and that it be adjudged and decreed by said decree that the defendants have not, nor has any or either of them, any right, title, estate or interest in the lands above described, or in any part thereof, and that the title of the plaintiff thereto is good and valid, and that defendants and each of them be forever enjoined and debarred from asserting any claim whatever in or to said lands or premises, or any part thereof, and for such other and further relief as to this Court may seem meet and proper, all of which will more fully appear by reference to the complaint on file herein to which you are hereby referred for further particulars.

And you are hereby notified that unless you appear and answer the complaint as above required, the plaintiff will take default against you and apply to the Court for the relief demanded in the complaint.

Given under my hand and the seal of the said Superior Court of the said County of Mendocino, State of California, this 11th day of December, 1902.

(SEAL) HALE MCCOWEN,
County Clerk of Mendocino County and ex-officio Clerk of the Superior Court thereof.
By A. HORTON, deputy clerk.
McNab & Hirsch, attorneys for plaintiff.

WE NEED CIVIC PRIDE.

Most of us know in a sort of hazy way what is meant by the words "civic pride", but many do not seem to realize the important place civic pride has in the development, progress and orderly government of a town or city. Without it a town is merely an aggregation of contiguous residences, places of trade or manufacture. With it there are all these, and in addition there are beauty, order, cooperation, definite ideals, the spirit of mutual effort for the betterment of all. What Ukiah stands in need of today is greater and more universal civic pride. We are not all destitute of this valuable quality, but we have by no means halfenough of it. Nothing attracts strangers to a town, or advertises it better, than the fact that its citizens take pride in adorning and beautifying it, always speak well of it, and see that its municipal affairs are conducted in an orderly manner, and that the laws are enforced. No town such as Ukiah is for size and surroundings, can hope to attract a desirable class of population from the outside if a lax enforcement of the laws obtains. The town laws and ordinances are made with a view to the good of all, and the better class of citizens, who obey the laws themselves, should have the courage to demand of their servants, the municipal officers, their strict enforcement. We do not refer to great or shocking crimes particularly, for of these we have very few, but to the many so-called little things which go to make up the life and conduct of a town. A proper civic pride will sustain the officers in the enforcement of good order, and in demanding compliance with all regulations for the health and well being of the people.

Another manifestation of civic pride or lack of it, is to be found in the condition of the streets and sidewalks, the cleanliness, or otherwise of the gutters, the neatness, or otherwise of residences, and the dozen other things by which visitors or home seekers size up a town. In southern California, civic pride is wonderfully developed and the result is that her towns are filled with men and families from abroad the year around, all spending money and adding to the prosperity of the older residents. When you see a rich man allow the grass to grow in the crevasses over his business office door on a prir cipal business street, you will be safe in saying that man has but little civic pride.

WHAT a conglomeration is our American civilization. We call it great, advanced, progressive. Yet it is in some respects worse than pagan, worse than brutalizing. While the highest ideals are presented to us, we indulge in some of the lowest practices. We do things in the open light of day which an East Indian Buddhist, or a Mohammedan under the rule of the Mad Mullah of the desert would scorn to do. And these things we do oftimes in the name of sport and amusement. With the lips we execrate the Spanish bull fight, while we look with complacency upon that which is far worse—the live pigeon shoot. We affect to shudder with pity and horror when the goaded bull gores the horse of the toreador, but we clap our hands in applause when a big burly man, with perfect safety to himself, stands in one place and shoots to death, or wounds, dozens of innocent and helpless pigeons for our delectation and for the name of being a good shot with a scatter gun. This wanton slaughter of innocent birds simply for amusement, is worse than barbarism. It is a senseless cultivation of the spirit of cruelty and thotless disregard for life. It fosters the spirit that leads to war and all the cruelties of barbarous war. The pigeon shot may be the veriest coward when confronted by danger, yet he kills with gusto and a swelling pride, the imprisoned tame birds, who do not know him as an enemy. We commend to our legislators the bill recently introduced in the Illinois legislature, making it an offense to possess a pigeon or any other bird for the purpose of being killed for "sport."

THERE was consternation among city and county officials in San Francisco the other day when it was discovered that a "bug" was concealed in the new section added to the Code of Civil Proceedure, numbered 710. There was racing to and fro, and there was talk of many petitions in bankruptcy. The new law provides that a duly authenticated transcript of a judgment, for money against a defendant, rendered by any court in this state, may be filed with the State Controller, or County or City Auditor, where money is due from the county or city to the judgment debtor, and such Auditor shall then draw his warrant in favor of the judgment creditor for, or pay into court, so much of the money, if sufficient there be, due the said judgment, or such part thereof as is not exempt from execution. This money is to be paid to the judgment creditor from time to time until the judgment is satisfied, and the balance, if any, goes to the judgment debtor. We see no "bug" in the law at all. It is applicable to all judgment debtors alike. The trouble is that it removes the exemption from salaries of county and city officers and puts them on a level with other debtors. We see no wrong or injustice in the law. On the contrary, it is intended to, and will, remedy a grave abuse. Especially in the larger cities, it will make public officers a little careful how they live beyond their salaries and depend upon borrowing to make both ends meet, or running trade bills which they neglect to pay. We do not apprehend that Mendocino officers will be bothered by the law, but it should be a wholesome restraint upon officers in the cities.

FOR SEVERAL days past, war has been brewing in Ohio between the opposing Republican forces aligned under the leadership of Senators Hanna and Foraker of that state. The former was opposed to allowing the forthcoming Republican State convention to indorse President Roosevelt for re-election, while the latter seemed determined that the indorsement should go thru. Things were getting warm and a pretty hot fight was promised, when suddenly on Tuesday last Senator Hanna surrendered. This was not on account of any friendship for Foraker, but if Hanna tells the truth, it is the result of a direct appeal from the President to Hanna. The matter was considered so important by Mr. Roosevelt that he sent his appeal to Hanna by telegraph. Upon this Senator Hanna made the following statement: "I am in receipt of a telegram from President Roosevelt which indicates to me his desire to have the indorsement of the Ohio Republican State convention of his administration and candidacy. In view of this I shall not oppose such action by the convention, and have telegraphed the President to that effect." Evidently Mr. Roosevelt is not going to lose any points in his fight for re-nomiaation.

IN THE Presbyterian General Assembly at Los Angeles, Rev. Charles L. Thompson, an orator of polish, force and learning made an address strongly denouncing Mormonism and declaring that "it is to be crushed." THE DISPATCH has no love for Mormonism, but it has observed that it is a mighty hard job to "crush" a large body of religionists in a free country. Annihilation by fire and sword has been tried with indifferent success. In fact the trite saying that "the blood of the martyrs is the seed of the church," has generally held good. The Rev. orator attacked Senator Smoot as the high priest of Mormonism and said "now is the time to strike." If it can be shown beyond a doubt that Senator Smoot is a criminal under the law—that he is a polygamist, he may, and ought to be denied a seat in the Senate; but he can never be unseated because he is a Mormon. Religion or creed is happily no test of eligibility to office in the United States. We have, as yet, no proof that Senator Smoot is a polygamist in practice, no matter what his creed may teach.

Professor Alex. B. Coffey, of Stanford university, passed thru Ukiah Wednesday enroute to Meudocino City where he was engaged to lecture to the high school during the graduating exercises. Prof. Coffey was in Ukiah during the last teachers' institute and his lectures both to the teachers and the public were greatly appreciated. The Mendociuo high school was fortunate in securing Prof. Coffey's attendance.

The entire lot are under indictment in Cross County for murder in the first degree. Negrophobiacs please make a note.

President Roosevelt is to be met at Ogden, Utah, today by the three Farr brothers with their families, consisting of children, grandchildren and great grandchildren, numbering 604. Of this number 304 are voters. The average age of the three Farr brothers is 81 years, and one of them is the father of 42 chilhren. No race suicide in that family.

Burke-Pressley Wedding.

A quiet but very pleasant and pretty wedding took place yesterday at 11 oclock A. M. at the Pressley residence in this city. The contracting parties were Mr. Isaac Burke and Miss Frances Pressley, both well known and respected young people of our city. Those present to witness the ceremony were relatives of the respective parties. After the marriage there was a dinner, after which the young couple departed for Blue Lakes where the honeymoon will be enjoyed. In tendering our congratulation we desire also to extend hearty and sincere wishes for future and lifelong happiness of the bride and groom.

Big Sale of Mules.

Mrs. G. W. Parker, mother of Freeman Parker, arrived in Ukiah Saturday night on a short visit, after which she will go to Los Angeles. Mrs. Parker came from Alkali Valley Eastern Oregon, where she and family own one of the largest stock ranches in the state just east of the Klamath reservation. They have just sold 500 head of young, unbroken mules from the ranch at $65 a head.

Death of Mrs. Seykora.

Mrs. Minnie R. Seykora, wife of J. B. Seykora, proprietor of the School street chop house in Ukiah, died on the 25th inst. of heart failure. The husband took the body to San Francisco Wednesday to be cremated. The deceased had been in poor health for several months and her death was not altogether unexpected.

Broken Collar Bone.

Last Monday evening Assemblyman Dunbar of Sonoma county came up from Santa Rosa to visit his friend Assemblyman Weger. In front of the Grand Hotel the two legislators got into a playful scuffle which resulted in Mr. Weger striking his right shoulder against one of the large locust trees at the edge of the sidewalk with such force as to break his right collar bone. Assemblyman Dunbar's face grazedthe tree, abrading the skin, but not seriously.

UKIAH TEAM IS DEFEATED

Season Opens With Good Game--Score 2 to 0.

Ukiah and Healdsburg crossed bats on the local diamond last Sunday. Some five or six hundred people witnessed the game, which was interesting thruout. Healdsburg outplayed Ukiah, their team work being very good and the infield strong and ever on the alert to back up and support the battery. This was the first time the Ukiah team had ever played together, consequently their moves were not always in unison. There is good material in the team, however, and with practice it will become quite strong. Wallach and Murray are from Boonville while Murphy and Haehl are from Cloverdale. The game was a pitcher's battle from beginning to end, Hall having excellent support.

The game opened with Healdsburg at bat. Miller walked to first but was thrown out at second. Wirt hit safely over short, followed by Sewell's two bagger over second, Wirt scoring. Crystal was safe on error by Murray. Sanborn fanned the air. For Ukiah, Murphy, Haehl and Wallach went out on short infield hits.

Second inning—Burger and Frost thrown out at first. Hall hit safe and Miller fanned. Duff flew out, Sanders out at first on grounder to Shinn. Murray fanned.

Third inning—Wirt fanned. Sewell was safe on Wallach's error at first. Crystal flew out. Sanborn fanned ozone again. Cunningham went out at first. Van Voast hit safely over second and Sanford went out at first. Murphy fanned and Van died at third.

Fourth inning—Shinn fanned, Burger hit by ball, Frost flew out to Sanford and Hall struck out. Haehl, Wallach and Duff thrown out at first in one, two, three order.

Fifth inning—Miller had a hole in his bat, Wirt was thrown out at first and Sewell flew out. Sanders was safe on Frost's error and went to second, gaining third on Murry's fly-out. Cunningham went out at first and Joke failed to score.

Sixth inning—Crystal was thrown out at first by Sanford, Sanborn fanned and Shinn flew out to Sanford. Van Voast walked, Sanford sacrificed advancing him to second. Murphy struck out. Haehl gained first on Frost's error, Van Voast went to third where he died on Wallach's out at first.

Seventh inning—Ellis came up instead of Burger and took a walk. Frost sacrificed advancing Ellis. Hall struck out. Miller hit high fly to center which Murry muffed and threw wild to home, Ellis scoring. Wirt fanned and Duff was caught napping. Sanders was thrown out at first. Murray took a walk, Cunningham sacrificed, advancing him to second. Van Voast walked filling the bases. Sanford went out by Wirt's swell pick up.

Eighth inning—Sewell went out at first, Crystal flew out and Sanborn fanned. Murray fanned, and Haehl and Wallach were thrown out at first.

Ninth inning—Ellis, Frost and Hall strained themselves fanning hot air. Duff fanned, Sanders went out at first and Murray flew out to Ellis and the score stood—

Albion Items.

ALBION, May 26, 1903.

Not seeing any items in your valuable paper for some time from our busy little burg, thot we would drop you a few lines to let you know that Albion is still on the map, notwithstanding the fact that the strong northwest winds have been trying to blow us off the earth.

The mill shut down Saturday night for a week or ten days to do some much needed repairing. They have shipped a large amount of lumber from here during the past few months. Steamers are arriving and departing nearly every day.

The new Southside Hotel, under the management of Kerr & Rushing, is doing a land office business. It is one of the finest hotels on the coast. Everything is new and up-to-date.

The public school has been closed for the past two weeks on account of diptheria being in town. Two cases have proven fatal but the other patients are now out of danger.

Many of the Albionites attended the entertainment given at Mendocino Tuesday night and all report having had a most enjoyable time.

Wonder what made Jap and Ray look so down hearted Tuesday night when the coach pulled out for Mendocino. Was it because the seat was not large enough for three?

Casey's combination gave a show to a small crowd in Albion Hall Monday night. The female sex were conspicuous by their absence. The audience was composed of gentlemen and suckers and the latter predominating. In fact one of the actresses had a whole bunch of them on a string at the same time.

Tom Lermond is taking a much needed vacation and is spending part of his leisure time teaching Casey's combination how to catch mussels.

Mrs. H. P. Chalfant left for Ukiah last Monday to spend a few days visiting relatives and friends.

Robt. Kerr is enjoying an outing at Witter Springs. He is expected home the last part of the week, accompanied by his brother, James.

One of our leading merchants, J. S. Corrigan, is building an addition to his store as his former place is much too small for his growing business.

Bob says Joe is a first class barber. Bob's upper lip like it was frost bitten.

The abalones are getting so numerous that they have threatened to eat up all Life Ball's potatoes.

UKIAH Business College

Great advantages offered to young men and women who wish to educate for business.

Preparatory Education Necessary

An ordinary English education will be all that is required on entering. Students found deficient in any of these branches will receive particular attention in those studies, and may graduate with as high honors by spending a little more time in the institution.

Individual Instruction

Our success in preparing our pupils for good paying positions is due largely to the fact that our scholars receive practical, individual instruction. We not only give a COMMERCIAL COURSE, but also a THOROUGH PRACTICAL BUSINESS TRAINING, that will fit all for good paying positions.

The Business Course Includes

Business mathematics, book-keeping, commercial law, banking, business forms and practice, letter-writing, spelling and good plain spencerian penmanship.

The Shorthand Department

Includes shorthand (Pitman system), typewriting (Smith Premier), spelling and business letter writing. No classes are formed; students may enter at any time. Our success in teaching can best be known by a personal interview with any of our pupils, whose names will be furnished upon application to the college.
